7	22 Mar 2018	<b>Indonesia, Flood in Sukabumi Regency (West Java)</b> <a href="http://adinet.ahacentre.org/reports/view/1096">http://adinet.ahacentre.org/reports/view/1096</a>

## Regional Summary (Week 12)

- 1) Most of disasters occurred were hydro-meteorological in nature with floods in Indonesia and strong wind in Thailand recorded.
- 2) In Philippines, volcanic activities of Mount Mayon still affected people in Albay Province. In Indonesia, Mount Ijen released toxic gas and forced evacuation of nearby villages.
- 3) AHA Centre also monitored several  $\geq$  M 5.0 earthquakes in in Indonesia and Philippines in Week 12, although they did not caused any damages and triggered disaster declaration.
- 4) [AHA Centre](#) also monitored the development and trajectory of **Tropical Cyclone Nora** since 22 March 2018 in Arafura Sea of Indonesia. There were no casualties and damages reported and TC Nora is moving away from ASEAN region towards Australian territory.
- 5) [ASMC](#) maintains **Alert Level 2 for hotspots** in northern part of ASEAN region.
- 6) All disasters occurred in Week 12 were within the capacity of respective ASEAN Member States.

## Regional Tally

Affected population:  
**109,712\***

- 100 - 1K people affected
- 1K - 10K people affected
- 10 K - 100 K people affected
- More than 100K people affected

\*AHA Centre's estimation based on total number of deaths, injuries and IDPs reported by National Disaster Management Offices (NDMOs) of each ASEAN Member State and other verified sources.
