### Regional Summary (Week 15)

- Disasters recorded in Week 15 were hydro-meteorological in nature with floods, landslides and strong winds in Indonesia, Thailand and Viet Nam.
- Emergency response status for Oil Spill in Balikpapan, East Kalimantan, Indonesia is effective until 20 April 2018.
- AHA Centre monitored eruptions in Mount Agung (11 April 2018) and Mount Sinabung (15 April 2018), Indonesia, and noted no humanitarian consequences in the areas.
- Activities in Mount Mayon, Philippines, has been significantly decreased with [NDRRMC](#) and [DSWD](#) terminated emergency response status. [PHIVOLCS](#) maintains Alert Level 2 for Mount Mayon.
- [ASEAN Specialised Meteorological Centre](#) maintains **Alert Level 2**, with scattered hotspots detected over the northern ASEAN region. Localised smoke plumes were observed in Myanmar and Thailand. Some showers were observed in other parts of the northern ASEAN region. Meanwhile, wet conditions prevailed in the southern ASEAN region with no significant hotspot activities being detected. For the next few days, light and variable winds are expected over the region.
- All disasters occurred in Week 15 were within the capacity of respective ASEAN Member States.

### REGIONAL TALLY

Affected population: **703,638\***  
Affected families: **140,044\***

\*AHA Centre's estimation based on total number of deaths, injuries and IDPs reported by National Disaster Management Offices (NDMOs) of each ASEAN Member State and other verified sources.

#### DISCLAIMER

The AHA Centre was established in November 2011 by the Association of Southeast Asian Nations (ASEAN) Member States to facilitate cooperation and coordination among Member States, relevant agencies of the United Nations and international organisations in disaster management and humanitarian assistance.

This update consists of significant natural disaster events that occur in ASEAN Member States, including Brunei Darussalam, Cambodia, Indonesia, Lao PDR, Malaysia,

Myanmar, Philippines, Singapore, Thailand and Viet Nam. The disasters recorded include Drought, Flood, Earthquake, Tsunami, Volcano, Wind, Landslide and Storm.

The use of boundaries, geographic names, related information and potential considerations for response are for reference, not warranted to be error free or implying official endorsement from ASEAN Member States.
