1. **Preamble**

The AHA Centre is an intergovernmental organisation, established on 17 November 2011 by the ten ASEAN Member States with the aim to facilitate cooperation and coordination of disaster management amongst ASEAN Member States.

The Disaster Emergency Logistics System for ASEAN (DELSA) is a key mechanism to allow for swift provision of relief items to ASEAN countries facing post-disaster emergency situations. Launched on 7 December 2012, DELSA was established to develop a regional relief item stockpile and to support capacity enhancement of the AHA Centre and among ASEAN Member States in emergency logistic operations, supported by Japan-ASEAN Integration Fund (JAIF), and serves as the preparatory phase for the establishment of satellite warehouse as part of the ongoing DELSA project. It is expected that satellite warehouses in disaster-prone countries will supplement the existing regional warehouse in ensuring quicker availability of emergency relief items that can be deployed and distributed to the affected areas.

**Appendix 5: The AHA Centre's Good Business Regulations**

These Good Business Regulations are the ground for a professional working relationship between the AHA Centre and the Tenderer.

They are general regulations valid unless other particular conditions are mentioned in the contract. In case of conflicting terms within documents, the conditions of the contract or tender dossier will prevail on these Good Business Regulations.

I. Principles of the procurement procedures

The AHA Centre has transparent procedures to award markets. Essential principles are

- **Transparency** in the procurement process
- **Proportionality** between the procedures followed for awarding contracts and the value of the markets
- **Equal treatment** of potential Suppliers

Usual criteria to select a Supplier are:

- Authorization to perform the market
- Financial and economic capacities
- Technical expertise
- Professional capacities

Usual criteria to award markets are:

- Automatic award (the cheapest offer complying with all requirements)
- Best value for money (price/quality ratio)

II. Misbehavior, ineligibility and exclusion

The AHA Centre considers the following misbehavior as a valid ground for a systematic exclusion of an awarding market procedure and for the termination of all working relationship and contracts:

- **Fraud** defined as any intentional act or omission relating to:
  - The use or presentation of false, incorrect or incomplete statements or documents, which has as its effect the misappropriation or wrongful retention of the AHA Centre or institutional donors’ funds
  - Non-disclosure of information, with the same effect
  - The misapplication of such funds for purposes other than those for which they were originally granted
- **Active corruption**: to deliberately promise or give an advantage to an official for him/her to act or refrain from acting in accordance with his/her duty in a way which damages or is likely to damage the AHA Centre or institutional donors financial interests
- **Collusion**: the co-ordination of firm competitive behavior, with the likely result that prices rise, output is restricted and the profits of the colluding companies are higher than they would otherwise be. Collusive behaviour does not always rely on the existence of explicit agreements between firms, but can also be tacit.
- **Coercive practice**: harming or threatening to harm, directly or indirectly, persons, or their property to influence their participation in a procurement process, or affect the execution of a contract.
- **Bribery**: to offer the AHA Centre employees monetary or in kind gifts in order to gain additional markets or to continue a contract
**Tender №:** AHA-T/2022/April/T-003

- **Involvement in a criminal organization** or any other illegal activity established by a judgement, by the US Government, the European Union, the United Nations or any other donor funding the AHA Centre.

- **Immoral Human Resources practices:** exploitation of child labour and the non-respect of basic social rights and working conditions of employees or sub-Suppliers.

The AHA Centre will exclude from a procurement procedure any candidate or tenderer falling into one of the following cases:

- To be **bankrupt** or to be wound up, to have affairs administered by the courts, to have enter into an arrangement with creditors, to have suspended business activities, to be the subject of proceedings concerning those matters, or are in any analogous situation arising from a similar procedure provided for in national legislation or regulations.

- To have been **convicted of an offence** concerning professional conduct by a judgement that has the force of res judicata.

- To have been **guilty of grave professional misconduct** proven by any means that the AHA Centre can justify.

- To have not fulfilled obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which they are established or with those of the country where the AHA Centre mission is operating or those of the country where the contract is to be performed.

- They have been the subject of a judgement that has the force of res judicata for fraud, corruption, involvement in a criminal organization or any other illegal activity detrimental to the Communities' financial interests.

- To have been declared to be in **serious breach of contract** for failure to comply with their contractual obligations in another previous procurement procedure.

The AHA Centre will not award contracts to candidates or tenderers who, during the procurement procedure:

- Are subject to a conflict of interest.

- Are guilty of misrepresentation in supplying the information required by the AHA Centre as a condition of participation in the contract procedure or fail to supply this information.

### III. Administrative and financial sanctions

In the event a Supplier, candidate or tenderer is engaged in corrupt, fraudulent, collusive or coercive practices the AHA Centre will impose:

- **Administrative sanctions:**
  Administrative sanctions are the official notification of the misconduct to the relevant civil or commercial authorities and the immediate termination of all existing working relationships.

- **Financial sanctions:**
  The AHA Centre will request the reimbursement of the cost linked directly and directly to the conduct of a new tendering process or market award. If any, the tender or performance guarantee will be kept by the AHA Centre.

### IV. Information of and access for the Donors

The AHA Centre will inform immediately the Institutional Donors and will provide all the relevant information in the event a Supplier, candidate or tenderer is engaged in corrupt, fraudulent, collusive or coercive practices.
Furthermore, the Suppliers agree to guarantee a right of access to their financial and accounting documents to the representatives of the AHA Centre’s institutional donors for the purposes of checks and audits.

V. Documents to be a Supplier

Hereafter is the minimal documentation a Supplier working with the AHA Centre will have to provide:

- Personnel national ID document of the Supplier/company representative
- Status and registration of the company
- Mission order or power of attorney authorizing the representative to contact

**Important note:** Additional documentation may be required for a particular market.

In addition, the Supplier must have the capacity to issue invoices, receipts and waybills (or delivery notes), to provide a tax clearance certificate and certify documents with an official stamp.

VI. Anti-Corruption Policy

If you believe that the action of anyone (or a group of people) working or volunteering for the AHA Centre programs is responsible for violating the above rules, you should file a report through the Whistle-blower Email Hotline.

In order to enable the treatment, reports should give as precise information as possible; your name and contact are optional but encouraged. All reports are treated confidentially to the extent permissible by law.
